A Joint British Association of Day Surgery
& HCUK Conference

Day Case Total Hip Replacement

Thursday 20th October 2022

Virtual Conference

Never before has day case surgery been as important to our patients as it now as we embark on our recovery from Covid-19. We have seen a huge rise in the number of patients waiting for orthopaedic surgery with > 0.5 million now on the waiting list. This is the highest it has been for a decade and nearly 70,000 have been waiting over a year. The bulk of these long waiters are Arthroplasty cases. Inpatient Covid and Emergency Care pressures are set to stay and we must move away from using Inpatient estate towards Day case Ambulatory pathways.

With increasing pressure on the NHS, the drive to reduce length of stay and deliver as much activity as possible on a day case basis is a key national priority. Day Case major joint replacement surgery is now routine practice in a number of units across the UK. However, there remains huge variation in day case arthroplasty surgery across the country. Come and learn how they did it, the obstacles they overcame and take the opportunity to transform your orthopaedic services.

National experts from The British Association of Day Surgery and leading Orthopaedic units will share experience including:

- How to develop a high-class day surgery service
- Analgesia for day case arthroplasty
- Use of short acting spinal anaesthesia for major orthopaedic day surgery procedures
- Pathways and protocols for day case arthroplasty
- Pitfalls to avoid and obstacles to overcome – how they did it

This conference will enable you to:

- Network with colleagues who are working to improve day surgery orthopaedic services
- Learn from outstanding practice in day surgery arthroplasty
- Reflect on national developments and learning
- Understand how you can improve your day surgery pathways
- Identify key strategies for implementation of a day surgery joint replacement service
- Ensure you are up to date with the latest national practice
- Self assess and reflect on your own practice
- Supports CPD professional development and acts as revalidation evidence. This course provides 5hrs training for CPD subject to peer group approval for revalidation purposes

About the British Association of Day Surgery (BADS)

The British Association of Day Surgery (BADS) is a multi-disciplinary organisation constituted of surgeons, anaesthetists, nurses and allied healthcare professionals, including operating department practitioners, anaesthetic practitioners, perioperative assistants, physiotherapists and hospital managers.

It is committed to promoting excellence in day surgery via its educational activities, publications and collaborations with other organisations including Getting it Right First Time and The Centre for Perioperative Care.

Membership benefits include free access to our online handbooks, advice sheets, day surgery directories and previous annual conference presentations. Members also receive discounted fees for the BADS Annual Conference and HCUK/BADS virtual conferences and are eligible to apply for the BADS Educational Grant and complimentary membership of the International Association of Ambulatory Surgery. They may also submit unlimited publications to the Journal of One Day Surgery without incurring article processing fees.

Further information is available from the BADS website: www.bads.co.uk

10.00 Chair's Introduction & Welcome

10.15 Undertaking your first Day Case Hip Replacement

Mr Hiren Divecha

Consultant Orthopaedic Surgeon
Wrightington, Wigan & Leigh NHS Foundation Trust

- Where to start: the journey to our first Day Case Hip Replacement
- Preparation and changes to the service
- A patient's story

10.55 Optimising your Day Case Pathway

Dr Mary Stocker

Past President The British Association of Day Surgery (BADS)
Consultant Anaesthetist
Torbay & South Devon Healthcare Trust

- Key elements of a day surgery pathway
- Patient suitability for day surgery
- Planning for successful day surgery

11.40 Question and Answers, followed by Comfort Break and Virtual Networking at 11.50

12.15 Tackling the backlog – transforming pathways to achieve daycase joint replacement: sharing experience from Torbay & SWAOC

Dr Claire Blandford

Consultant Anaesthetist
Torbay and South Devon NHS Foundation Trust
Clinical Pathway & Anaesthetic Lead SWAOC

- Transformation of pathways to make joint arthroplasty a day case procedure – what matters?
- Torbay – what do we do as a medium sized DGH?
- The SWAOC story (South West Ambulatory Orthopaedic Centre) – launch, pathways, outcomes. How this has revolutionised current orthopaedic care to become a top performer in hip & knee arthroplasty care

13.00 Question and Answers

13.10 Lunch Break and Virtual Networking

13.45 Day Case Joint Replacements: The Northumberland Experience

Hilary Young

Advanced Nurse Practitioner
Northumbria Health Care NHS Foundation Trust

- The post-operative ward: supporting safe, early and effective discharges
- Mindset - creating the right mindset for staff and patients
- Mobility - the most important aspect of our care. Early and sustained mobility and its benefits to patients
- Pain - managing pain effectively, to support early mobility and discharge
