A Joint British Association of Day Surgery
& HCUK Conference

The Role of the Day Surgery Team

Thursday 10th November 2022

Virtual Conference

The presence of dedicated, knowledgeable, multi-skilled day surgery practitioners (the day surgery team) is essential in ensuring safe and efficient day surgery service delivery with the best patient experience. This one-day virtual conference aims to provide support for day surgery teams in achieving these goals. Good clinical practice, accompanied by explanation of underlying principles, at each stage of the day surgery pathway will be reviewed, along with discussion of when it is acceptable to question traditional practice, how the day surgery team can contribute to successful development of new day surgery pathways and inform development and innovation of multi-skilling within the day surgery process.

Current pressures faced by the NHS for the recovery of surgery following the Covid-19 pandemic has focused attention on increasing day surgery delivery. The day surgery team is essential to the success of this so join us to learn how to be even better in achieving your goals.

This conference will enable you to:

- Network with colleagues across the day surgery team
- Reflect on the different roles of the day surgery team and your own practice
- Learn from and discuss practice in different day surgery units
- Identify strategies to enhance and support interprofessional working
- Ensure you are up to date with the latest national practice
- Supports CPD professional development and acts as revalidation evidence. This course provides 5 Hrs training for CPD subject to peer group approval for revalidation purposes

About the British Association of Day Surgery (BADS)

The British Association of Day Surgery (BADS) is a multi-disciplinary organisation constituted of surgeons, anaesthetists, nurses and allied healthcare professionals, including operating department practitioners, anaesthetic practitioners, perioperative assistants, physiotherapists and hospital managers.

It is committed to promoting excellence in day surgery via its educational activities, publications and collaborations with other organisations including Getting it Right First Time and The Centre for Perioperative Care.

Membership benefits include free access to our online handbooks, advice sheets, day surgery directories and previous annual conference presentations. Members also receive discounted fees for the BADS Annual Conference and HCUK/BADS virtual conferences and are eligible to apply for the BADS Educational Grant and complimentary membership of the International Association of Ambulatory Surgery. They may also submit unlimited publications to the Journal of One Day Surgery without incurring article processing fees.

Further information is available from the BADS website: www.bads.co.uk
